There are also other interesting places such as palaces, museums, parks, as well as various Shopping centres in Bangkok. There are both chilling places like Chattuchak Weekend Market, Sampeng Market, Yaowarat and Phahurat night_market or luxury level such as many leading department stores in all areas of Bangkok as well.

SUVARNABHUMI INTERNATIONAL AIRPORT

Suvarnabhumi Airport is the biggest in the country, and the twentieth busiest airport in the world, handling more than 50 million passengers annually.

The airport can also hold its own against the most comprehensive shopping destinations the city has to offer since you can find more than 270 retail shops here, covering everything from luxury brands to humble handicrafts.

Official Hotel “ Nandra Heritage Hotel ”

Nanda features the original wooden components salvaged from the Nanda Mansion, the family’s generations-old European-style teak wood residence built in 1920, once located in the family’s compound on Petchburi Road, not too far from the hotel. From wood door frames to windows, floorboards to wall boards, carved teak wood banisters to louvered ventilation panels, or even the custom-made teak furniture - the original components of the family’s home were carefully removed, cleaned and repurposed to create historical authenticity for Nanda Heritage Hotel.

Nanda Heritage Hotel’s award winning contemporary design is largely a result of the hotel being situated where it is. The design of the building is accretive with the mass of the black outer shell being six stories high in order to maintain the street edge, while the parts inside are four and two stories high to complement the shop houses on the side alley and frame the view of the courtyard of the adjacent, historic Parinayok shanty community.
